Joe Langfeld.

This entire section was deeply shocked and grieved Monday as the news spread that Joe Langfeld had been the victim of a fatal accident near his home about nine o'clock that morning.

Mr. Langfeld had started to Hondo in his auto when he saw one of his teams trying to run away from a Mexican tenant and went to his assistance. After the team had been pacified, he got back into his car and started back home. It is supposed, from the appearance of his tracks and the car, that he was backing back at his team and ran partly out of the road and upon discovering it gave the car a quick turn back to the road when the hind wheels struck some loose dirt in an ant hill and skidded in such a way as to turn the car completely over. He was caught under the car and his neck was broken causing instant death. The only eyewitness to the unfortunate accident was a Mexican woman who happened to be near by. Her alarm brought the Mexican tenant and Martin Langfeld, a brother of the deceased, and they lifted the car off the body. Hubert Butts, Captain Smith and Lucian Ward arrived soon thereafter and the body was removed to the home some three hundred yards away.

The remains were prepared for burial and laid to rest in the Woodman of the World cemetery in D'Hanis at four o'clock Tuesday afternoon March 8, 1916, followed by some of the largest funeral corteges ever assembled in D'Hanis. Burial was from the home of his mother in old D'Hanis and the remains were accompanied by members of the W. O. W. fraternity in a body. At the grave, Rev. Father F. Mass, pastor of Holy Cross Catholic church of which deceased was a communicant, performed the sad and impressive burial service of the church after which the W. O. W. lodge completed the funeral service. President H. N. Pope of the Farmers' Union of Texas, delivered a feeling and touching funeral oration at the grave. He recounted the unselfish labors of the deceased for the good of the cause he had espoused, he praised his fidelity to this cause and counseled young men to emulate this as well as the other virtues of the deceased, and said his influence and his counsel would be missed.

The deceased was born at D'Hanis, April 13, 1873, hence was 42 years, 10 months and 24 days old at the time of his untimely demise. He was married on the 23rd of November, 1897, to Miss Lena Garbner of D'Hanis who, with their five children, survive him. His children are four daughters, Hilda, Carrie, Thelma and Eunice, and one son, Charles Barrett. He is also survived by his mother, four brothers and six sisters, one of whom, Miss Maggie, is assistant editor of The D'Hanis Star.

Mr. Langfeld was in the butcher business in Hondo for several years in the early 1900's, but spent most of his life on the farm, the last ten or twelve years being spent on his ranch where he died, some ten miles south of D'Hanis, where he has prospered and accumulated a competency for his family.

For several years Mr. Langfeld had been active in the work of the Farmers' Union, having filled several county offices in that organization. At the time of his death he was President of the Southwest Texas District Farmers' Union and a member of the State Executive Committee. He had also recently been selected as a delegate to the National Farmers' Union Convention to be held at Washington, D.

C. C. June, of this year. That Mr. Langfeld was highly esteemed as a brother and co-worker in this organization is amply proven by the presence at his funeral of the State President of the Union, several district officers and organizers, and members from every local in Medina county.

He was also a member of the W. O. W. and of the Herman Soos, many of whom were present at the funeral services to pay their last respects to their departed friend and brother.

Death is always sad whether it comes in manhood's prime, in the bud of childhood or the sere and yellow leaf of age. But when the strong man is cut down in the flower of his usefulness the blow seems unusually cruel. Yes, we shall miss him, as his eulogist and brother, President Pope, has said. We will miss him in his family circle, miss him in the council where his voice was ever lifted for the right, miss him from the busy precincts of life where he ever walked among us as a man! But while the places that have known him before shall know his presence no more, the influence of his useful life, his unflagging zeal and his unflinching fidelity to his principles and those things he held dear will be felt long after the wild flowers of his native state have blossomed over his lamented dust.

To those who mourn his untimely end we can but whisper this admonition—though his ways are inscrutable His wisdom and love are boundless and never-failing and, resting on this anchor of faith and hope, let us console our troubled spirits with the thought that all is well with the deceased.

Peace to his ashes! F. D.

Upper Hondo Hand-outs.

Mr. and Mrs. Chas. Gaines visited Andrew Spott Thursday.

Messrs. Fletcher Davis, Field Agent of the State Department of Agriculture, and County Commissioner Harper of Hondo came to attend a good roads meeting which was held at the Rothe school house Wednesday. Mr. Davis spoke to the school in the afternoon, and at night, after an enthusiastic road meeting Mr. Davis held the audience spellbound for about one hour, and organized a Farmers' Institute. Speeches were made by several of our home people on good roads. A subscription list was passed around for money to lay a concrete road-bed in bad crossing of Hondo creek and \$35 signed. Another list circulated for road work other than crossings resulted in \$42. This is the kind of enthusiasm that anybody can understand, and will bring results.

Thursday at 3:30 p. m. Mr. Davis addressed the Tarpley school, and at night the people of that vicinity. Everybody enjoyed the humorous parts of said speech and also the educational parts. We hope it will bring results.

The Department made no mistake in sending Davis, but the conveyance that he goes in is a mistake; ask Davis how long it takes to start a contrary Ford; he knows.

We'll warn the citizens of Precinct No. 1 to watch their Commissioner if they do not want to lose him, it took all the persuasive power your humble scribe and Mr. Davis possessed to get him to return. Cap says he is coming back up here soon.

The people of Tarpley subscribed liberally towards the good roads movement, we failed to learn the amount.

Uncle C. G. Leighton enjoyed a visit of his son and a Mr. Terrel from Eagle Pass Thursday.

Mr. and Mrs. M. L. Saathoff are visiting Mr. and Mrs. D. Gerdes at New Fountain at this writing.

Mr. and Mrs. Hen House left Monday for Arizona to seek their fortune. We hope they will find what they are looking for.

Farmers' Union Notice.

All members of the Hondo Local of the Farmers' Union are requested to be present at the meeting at Leinweber hall Saturday, March 18th.

A. B. BRUCKS,
Secretary.

Fritz Rothe.

The subject of this sketch was born December 21, 1838, at Warmer Steinaach Keris, Auerfranken, Koenigreich Baiern, Germany. He was the eldest son of the family and, his parents having resolved to leave their old home and journey to America with their four sons and one daughter, he landed with them at Indianola, Texas, in the year 1854. From there the family moved by ox team to the Medina Valley, above Castroville. The mother died fourteen days after the family arrived and was laid to rest on the banks of that stream. The father survived until 1876 and his remains rest in the family cemetery on the Louis Rothe ranch on the Seco.

As they were poor, the Rothe Brothers went to work to make a living for the family as soon as they settled on the Medina. In 1864 the brothers moved to the Seco Valley, above D'Hanis, where they invested all their savings in land and cattle. Although in those days land and cattle had little value, they had faith and confidence in their undertaking, formed a stock company for an extensive business and were very successful, accumulating a large share in the world's goods.

Mr. Rothe experienced many of the difficulties and hardships incident to pioneer life, was active in protecting this border from Indian depredations, and served creditably as a member of Captain Kampman's company of Confederate cavalry during the Civil War.

Mr. Rothe was married December 30, 1871, to Miss Mary Reuter. This union was blessed with seven sons, Fritz, Heines, Frank, Armin, Walter, Gustave and Clinton, and four daughters, Mrs. Joe L. Finger, Mrs. F. Bator, Mrs. Fred Reinhardt and Miss Elsie Rothe, all of whom, with their mother, survive him.

The deceased had always been a very active, healthy man until about three years ago when he was stricken with paralysis from which he never fully recovered. He was seriously ill for about a month before his death in San Antonio, where he had been taken to a hospital, on March 2, 1916. He had reached the mature age of 77 years, 2 months and 8 days at the time of his demise.

Funeral services were conducted both at the home and at the grave by Rev. A. Falkenberg, pastor of the Lutheran church at Hondo, of which church deceased was a faithful and consistent member. The Methodist choir of Hondo rendered some beautiful songs at the grave and after the impressive services the grave was banked with flowers. The pall-bearers were E. R. Leinweber, P. Jungman and H. G. Wilson of Hondo, and M. P. Twomey, Paul Reinhart and Jacob Reily of D'Hanis. One of the largest concourses of sorrowing friends ever gathered in Medina county assembled to pay their last respects to the dead. Interment was made in the family cemetery on the Seco.

Mr. Rothe was one of the largest individual land holders in Medina county. Besides his extensive land and cattle interests, at the time of his death he was a stockholder and director in the First National Bank of Hondo, and was president of the Seco Pressed Brick Co. of D'Hanis. By good sound business judgment and his thrifty, frugal habits he had built up a large estate.

He was an honest, upright citizen, progressive and public spirited. He enjoyed a wide circle of acquaintances, all of whom held him in high esteem for his many sterling qualities of manhood. A good

man has passed, and in passing he will be missed, missed by his family and all those who had known him but to esteem him. Peace to his ashes. F. D.

Oil Interest Revived.

The arrival of several prominent men in Hondo this week has aroused considerable interest in the local oil situation, and indications now are that a systematic effort will shortly be undertaken by experienced and practical oil men to determine whether or not oil exists in this section in paying quantities.

Lee Lynam, discoverer of the Thrall oil field, Jos. Kemp and K. Cameron are the gentlemen at the head of this enterprise, and pronounce themselves as very confident of bringing in a good field. They have taken out a charter, took over the interests of the Hondo Oil Co., and will protect the interests of those who were stockholders in the original enterprise.

An office will be opened on the ground floor of the Leinweber building in a few days, and preparations made for an early inauguration of development work. We understand a limited amount of stock in the new concern will be offered to the investing public at an early date.

The Oil Situation.

The drillers of the Odom & Co. well—the old Fohn well—about 7½ miles south-west of Hondo, struck oil in paying quantities Monday and caused quite a lot of excitement and enthusiasm among our local oil enthusiasts.

The oil was struck at a depth of 158 feet. It produced two barrels an hour of a fine grade of oil, essaying 32 gravity, with a paraffine base.

Prospects for a great oil field in this section is very flattering, according to people who know.

So far there has been about 100 barrels taken from the Fohn well.

The company is having a larger well drilled a few feet from the old well and expect greater results in the near future.

Young Married Folks' Club.

On last Friday evening Mr. and Mrs. Cooley entertained the young married folks at their home. Thirteen games of forty-two were played but luck seemed to have stayed at home except for our champion eighty-four-and-one-hundred-sixty-eight-bidder, who did fairly well.

The hostess served delicious cream and cake.

The following members were present: Mr. and Mrs. Sid Carter, Mr. and Mrs. Oscar Peters, Mr. and Mrs. Henry McCall, Mr. and Mrs. P. L. Crain, Mr. and Mrs. Walter McClaugherty, Mr. and Mrs. Marvin Beal and the host and hostess.

ADMINISTRATION OF JUSTICE

CONSTITUTIONAL RIGHTS OF
A CITIZEN DEFINED.

More Efficient Citizenship Sug-
gested as Remedy.

(Editor's Note:—The following is the
first of a series of articles by J. S. Cul-
linan, of the Texas Economic League, on
the Administration of Justice, to which
subject the League is now addressing
itself.)

By J. S. Cullinan.

The Texas Economic League is
holding for discussion the subject
"Administration of Justice," brings
to the attention of the public
the importance of the subject
of community, state, nation and
world-wide importance. The Declara-
tion of Principles adopted by the
League sets forth that the ill which
we are now suffering are due in a
large measure to the incompetent
application of law, the faulty admin-
istration of justice and to indifference
on the part of citizens to the welfare
of society, and the League is pledged
to acquaint the people of Texas with
the causes that have contributed to
ward defeating justice and promoting
injustice, and to a study of the funda-
mental principles of modern civiliza-
tion, and it is to this task that the
League now addresses itself.

As a citizen, I want, in a measure,
to plead guilty to the charge of in-
difference to the public welfare, for,
in common with many men in my
class, I have not always performed
my full duty as a citizen, but as a
member of the League, I am endeavor-
ing to atone for my sins of omis-
sion by giving such time and ability
as I am able to devote to a study of
public affairs. I invite others who
may feel remorse of conscience, or
who, for any reason, have a desire
to become more efficient citizens and
help others to do likewise, to join the
League and become identified with
an organized effort of "preparedness"
for citizenship.

The Administration of Justice is
the heart and soul of government. It
is there that the citizen comes in
contact with his government and
hears an interpretation of the Bill of
Rights and the Constitution of the
United States, which is the citizen's
contract with government for life,
liberty and the pursuit of happiness.
To those who may feel that this sub-
ject is not one of pressing importance,
I want to say that no matter what
Sherman said about war, in my opin-
ion we are reaching a point where
PEACE IS HELL, and I believe that
most of the active and responsible
members of society in this state will
join me in this conclusion. When
government reaches a point where to
enjoy liberty one must become a
tramp, and to be free one must seek
the habitat of a savage, then the citi-
zen is justified in demanding a can-
cellation of his contract with govern-
ment.

It is my conception of our govern-
ment that its mission is to increase
liberty and expand freedom, and it is
not only the privilege, but the duty,
of the citizens to challenge any act
of government that interferes with
these ends. In the Constitution, the
citizen has a written agreement with
government for liberty, freedom and
justice, and he is sole authority on
what constitutes liberty, freedom and
justice; our government contracts to
preserve, safeguard and administer
them.

I am not one of those who believe
that this subject is wholly a legal
question. I consider the legal profes-
sion, more than any other class, re-
sponsible for the present state of
affairs, for the pathway to justice is
lined with lawyers, and liberty
cannot be taken from the people
without the consent of the Judiciary,
composed wholly of lawyers. In order
that every citizen may feel perfectly
within his rights in entering into this
discussion, I want to quote a clause
from the Declaration of Independence,
giving the citizen the right to alter or
abolish government: "We hold these
truths to be self-evident; that all men
are created equal; that they are en-
dowed by their creator with certain
unalienable rights; that among these
are life, liberty and pursuit of hap-
piness. That to secure these rights,
governments are instituted among
men; deriving their just powers from
the consent of the governed; that
whenever any form of government be-
comes destructive of these ends, it is
the right of the people to alter or
abolish it, and to institute new gov-
ernment, laying its foundation on
such principles and organizing its
powers in such form as to them shall
seem most likely to effect their safety
and happiness." And continuing the
discussion of the rights of a citizen,
the Declaration of Independence
states: "It is their right, it is their
duty to throw off such government
and to provide new guards for the
future security." I would neither
abolish nor alter our form of govern-
ment, but I would use it. I, for one,
claim my Constitutional rights as a
citizen to liberty and freedom, and
to the extent of my ability I propose
to defend it. It is not a better form
of government we need, but better
citizenship and a more efficient ad-
ministration of Justice.

Heed The Warning.

Many Hondo People Have Done So.
When the kidneys are weak they
give unmistakable warnings that
should not be ignored. By examining
the urine and treating the kidneys
upon the sign of disorder, many days
of suffering may be saved. Weak
kidneys usually expel a dark, ill-
smelling urine, full of "brickdust"
sediment and painful in passage.
Sluggish kidneys often cause a dull
pain in the small of the back, head-
aches, dizzy spells, tired, languid
feelings and frequent, rheumatic
twinges.

Doan's Kidney Pills are for the kid-
neys only. There is no better recom-
mended remedy.

Hondo people endorse Doan's Kid-
ney Pills.
J. A. Hay, farmer, Hondo, says:
"Some years ago when working on
the cars, the constant standing re-
sulted in pains through the small of
my back and kidneys. As Doan's
Kidney Pills had always been highly
spoken of, I got some. They did me a
world of good and entirely rid me of
the trouble."

Price 50c, at all dealers. Don't

The Court of Last Resort.

Around the stove of the cross roads
grocery is the real court of last resort,
for it finally over-ruled all others.
Chamberlain's Cough Remedy has
been brought before this court in al-
most every cross roads grocery in this
country, has always received a favor-
able verdict. It is in the country
where man expects to receive value
for his money that this remedy is
most appreciated. Obtainable every-
where.

All of us give more or less of our
moral support to reforms until some-
one starts something that inconven-
iences us.

A Specific Against Colds.

The nearest thing to a specific
against colds is a sleeping porch or
open bed room and a cold sponge bath
every morning when you first get up.
Even then you will occasionally take a
cold, especially when colds are
epidemic, and when you do you will
find Chamberlain's Cough Remedy a
great help in enabling you to get rid
of it. Try it. Obtainable every-
where.

It is considered remarkable when a
man comes back. It is considered
quite remarkable when a woman
doesn't.

OLDER BUT STRONGER

To be healthy at seventy, prepare at
forty, is sound advice, because in the
strength of middle life we too often forget
that neglected colds, or careless treat-
ment of slight aches and pains, simply
undermine strength and bring chronic
weakness for later years.

To be stronger when older, keep your
blood pure and rich and active with the
strength-building and blood-nourishing
properties of Scott's Emulsion which is a
food, a tonic and a medicine to keep your
blood rich, alleviate rheumatism and
avoid sickness. No alcohol in Scott's.

Keep Your Bowels Regular.

As everyone knows, the bowels are
the sewerage system of the body, and
it is of the greatest importance that
they move once each day. If your
bowels become constipated, take a
dose of Chamberlain's Tablets just
after supper and they will correct the
disorder. Obtainable everywhere.

Do not all impressions made in life
continue immortal as the soul itself?
May they not be for the picture gal-
lery upon which we shall gaze through
the boundless ages of eternity?—Bato.

Children who have worms are pale,
cross, fretful, and sickly most of the
time. To rid the little body of these
parasites White's Cream Vermifuge is
an approved remedy. When the
worms have been driven out the child
grows strong, healthy and robust.

WEAK, AILING CHILD

Made Strong By Delicious Vinol

Lakeport, N. H.—"Our little girl 3
years of age was in a debilitated, run-
down condition and had a stubborn
cough so she was weak and ailing at
the time. Nothing helped her until we
tried Vinol. Then her appetite
increased and she is strong and well, and
I wish other parents of weak, delicate
children would try Vinol."—Geo. A.
Carter.

This is because Vinol contains the
tissue building, strengthening and live-
ly elements and the tonic from which a weak
and run down system needs.

Are Worth a Place at Any Table Where Good Living is Properly Appreciated.

Ham With Pickle Sauce.—Buy a
four-pound piece of tender raw ham.
Remove the skin and neatly trim all
round. Heat a tablespoonful of lard
in a saucepan, lay in the ham and
lightly brown for five minutes on each
side. Lift up the ham and place on a
plate. Put in the saucepan two ounces
of larding pork cut in small pieces,
one small sliced onion, one branch sliced
celery, two branches of chopped par-
sley, one bay leaf, two cloves and one
saltspoonful of thyme. Allow this mix-
ture to brown for five minutes, mixing
occasionally, and add the ham. Moisten
with a cup of hot water, and, if handy,
two tablespoonfuls of tomato juice.
Season with half a teaspoonful of pep-
per. Cover the pan and let boil for
five minutes. Then place in the oven
to bake for 35 minutes. Strain into
another saucepan and add six vinegar
pickles, finely chopped, one table-
spoonful of chopped capers, half a
teaspoonful of chopped parsley and a
tablespoonful of vinegar. Lightly mix
and boil for two minutes. Pour over
the ham and serve. This dish requires
careful preparation to be tasty, but
when properly cooked it is a meal in
itself with a service of potatoes.

Delicious Ham Savory.—Place in a
chopping bowl three ounces of cooked
lean ham and chop for ten minutes
until it is a smooth pulp. Then add
half a tablespoonful of good butter,
two teaspoonfuls of table sauce, half
a saltspoonful of cayenne pepper and
half a teaspoonful of mustard. Chop
the whole well together for five min-
utes more and place this paste on a
plate. Prepare six small round pieces
of toast. Divide the ham preparation
evenly on the toast and serve imme-
diately.

HINTS TO HOUSEWIVES

Do not fry fish in butter.
Do not allow fish to stand in water.
Very good fish chowder is made
with haddock.
When the top of the stove is red
hot, the oven is not hot.
Old velvetene should be saved for
polishing cloths.
Dry flour rubbed on tin with a news-
paper will clean it beautifully.
Cheese is very nourishing, and
should be served in many different
ways.
Do not forget whole hominy when
planning nourishing and inexpensive
dishes.
French fried potatoes dipped in
cornmeal before frying are excellent.

Baked Apple Dumplings.

Select tart apples, pare and core
them and cut in quarters. Three large
apples should make six dumplings.
The dough is made as follows: Two
and a half cupfuls of flour, one heap-
ing teaspoonful of baking powder and
one teaspoonful of salt. Sift these in-
gredients together. Rub two-thirds
cup of lard into the flour and mix
with enough cold water to make a
dough which can be easily handled.
Divide the dough in six parts and roll
each part out large enough to hold
the apples. When the dough is rolled,
put the apples in the center and fold
the dough over it, pinching the ends
together. Bake in a shallow buttered
dish in a moderate oven and serve
with cream and sugar.

Corn Pudding Au Gratin.

Dice two tablespoonfuls cream
cheese, and mix with one-half pint
canned corn. Add one-half pint milk,
one well-beaten egg, one-half tea-
spoonful sugar, one-half teaspoonful
salt, and pepper to taste. Now melt
one tablespoonful butter in baking
dish, pour in the mixture and sprinkle
bread crumbs over top. Bake in a
quick oven. When I open a can of
corn, I always divide it in two, and
make two different dishes of it.—Bos-
ton Globe.

Veal Scallop.

Chop cold roast veal very fine, put a
layer in the bottom of a pudding dish,
season with salt and pepper, cover
with a layer of rolled crackers and
bits of butter; wet well with milk and
continue until dish is full. Wet the
whole with broth and milk; invert a
pan over it so as to retain steam and
bake one-half hour.

Italian Salad.

One cupful of shelled peanuts, four
large bananas, a few white grapes and
one cupful of mayonnaise dressing.
Put the peanuts through a food chop-
per; split the bananas and dip them
in the dressing, then roll in the nuts.
Serve on crisp lettuce leaves gar-
nished with the grapes.

Tomato Timbale.

Boil two cupfuls of tomatoes and
half an onion five minutes. Thicken
with a teaspoonful of dissolved flour.
Cool, add three beaten eggs and fill
small buttered molds. Set in a pan of
not water and bake until firm like
custard.

Baked Onion With Cheese.

Peel and cut out in one-half inch
slices large white onions. Parboil in
salted water, drain, and arrange in a
buttered baking dish with bits of but-
ter, and bake until soft, then sprinkle
with salt, pepper and a layer of
cheese. Return to the oven long
enough to melt the cheese.

Made My Life Worth Living

"I feel it my duty to tell others what
Chamberlain's Tablets have done for
me," writes Mrs. L. Dunlap of the
Grove, Mich. "I have
suffered with pain in
my back and under
my shoulder blade for
a number of years,
also with a poor ap-
petite and constipation.
I tried all the reme-
dies that I heard of,
and a number of doc-
tors, but got no relief.
Finally a friend told
me to try Chambe-
lain's Stomach and
Liver Tablets. I got
a bottle of them and
they soon helped my
stomach; by their
gentle action my bow-
els became more regu-
lar. Today I feel
praising them to
who suffer as I did, for
they have cured me and made my life
worth living."

FLOUR! FLOUR!

One adult person will average consuming 1000 pounds of flour in ten years. In fact, that is said to be the average consumption per capita in this country. Only 100 pounds of flour per adult person per year. Hence the bread cost of living is an insignificant part of our living expenses, no matter whether flour is high or low. Then why not give yourself and family an opportunity of using the best flour you can get? Landa's Ruth, Extra High Grade, and Minehana, High Patent flours are the peers of any flour of similar grades. They are made from the very best wheat to be had and milled by skillful millers. They permit no one to turn out a better flour than they do. This flour is sold by Farmers' Union Warehouse Co.

Crop Reports.

FORT BEND COUNTY

With the close of February Fort Bend county faces the most promising crop conditions of years at this period of the season. At a conservative estimate fully fifty per cent of the planted corn is up, with the remaining land in perfect condition for planting to corn, cotton or other crops. The cotton acreage on the prairie lands will be about the same as last year, with a largely increased acreage planted to feedstuffs. Practically every farmer is raising a farm garden capable of supplying the home demand.

WILLIAMSON, BELL AND MILAM

The grain crop seems not to have suffered any great degree of damage throughout this territory. A small acreage has been already planted for the new crops, and the major part of the farm land turned, much of this work done in a perfect but some in a careless manner. The indications are that the cotton acreage will be about that of last year, and perhaps a slight increase.

LEE

Farm work is well advanced; much of the land was flat broken before Christmas, and is now in good condition for corn. Many farmers are planting; others postponing until they feel secure against cold weather. General opinion is that the cotton acreage will not be increased over last year, and that a heavy crop of peanuts will be sowed in the sandy sections.

LAMAR, HUNT, HOPKINS, DELTA, WOOD AND FRANKLIN

Weather conditions for the last week have been ideal, and the farmers in the counties named were busy planting oats and preparing soil for other crops. Every indication points to a large acreage of spring oats. Good gardens have been prepared in a few sections and cabbage plants set, especially in Hopkins, Wood and Franklin counties. Rain fell on the 22nd in Hopkins, Hunt, Delta and Lamar. Farmers generally are taking a lively interest in terracing.

WALKER, TRINITY AND HOUSTON

In these counties the cotton acreage this year will be about the same as last year; the corn acreage about normal, the peanut acreage slightly increased; acreage of other forage crops about normal. Interest in the poultry industry seems to have largely increased about Grapeland, Houston county.

SMITH, CHEROKEE, HARRISON AND GREGG

About the same acreage of tomatoes is being planted in the counties named that was planted last year; plants mostly transplanted from hotbeds to cold frames, and are hardy and vigorous. The sweet potato and peanut crops are to be increased. Longview sweet potato growers are receiving \$1.35 per bushel, delivered at a common point. Peach orchards are being neglected or discarded as

unprofitable. Cotton acreage will be decreased from 10 to 25 per cent; hog raising considerably increased. Prospects for fruit throughout Smith county good. Weather of the week ideal.

DALLAS, TARRANT, COLLIN, KAUFMAN AND WISE

This report is for parts only of each county named. Wheat is looking better than when conditions were last reported. Oat sowing is going on except in Kaufman and parts of Dallas counties. Cotton acreage will be increased in parts of Collin, Kaufman and Tarrant counties. Cotton will take the place of abandoned corn and oat acreage. There will be a decrease in livestock in these three last named counties. About 30 per cent of the land has been plowed.

WICHITA

Thousands of acres of the damaged oats have been replanted and are coming up nicely, and the wheat is showing better since the cold weather. Farmers are well up with their plowing for cotton and other crops. There will be a greater variety and acreage of diversified planting this year, including a big crop of Sudan grass, than ever before. The acreage in early gardens is large, and livestock are looking fine.

ATASCOSA AND MEDINA

Very little grain crops were planted in Atascosa county, and the considerable acreage planted in Medina county is practically killed by the drouth. Ground preparation for this year's crop is general over both counties.

MEDINA

Corn planting has been in full swing in the southern half of Medina County during the past week, although the farmers differ as to whether the seed will germinate on account of dry weather. The early plowed and frequently harrowed lands are thought to be moist enough to bring the crop to a stand. Only a small acreage has been planted to oats and that was practically destroyed by freezes and dry weather. Pasture grass scarce and most cattle raisers feeding prickly pear. A large acreage of peanuts will be planted in the Devine section. The Medina Valley Irrigation section has 100 acres in onions looking well, and will plant 150 acres in sweet potatoes.

WHARTON

Wharton county is in a fine state of cultivation. There is more land well broken and in fine physical condition than in any previous year at this season. Irish potatoes are practically all planted and many fields coming up. Quite a deal of corn is up, looking well. The diversified area has been largely increased, and the cotton acreage will be about that of last year.

The acknowledgement of weakness which we make in imploring to be relieved from hunger and temptation is surely wisely put in our prayer.—Chackery.

Dangers of Draft.

Drafts feel best when we are hot and perspiring, just when they are most dangerous and the result is Neuralgia, Stiff Neck, Sore Muscles or sometimes an attack of Rheumatism. In such cases apply Sloan's Liniment. It stimulates circulation to the sore and painful part. The blood flows freely and in a short time the stiffness and pain leaves. Those suffering from Neuralgia or Neuralgic Headache will find one or two applications of Sloan's Liniment will give grateful relief. The agonizing pain gives way to a tingling sensation of comfort and warmth and quiet rest and sleep is possible. Good for Neuritis too. Price 25c at your Druggist.

It is odd to consider the connection between despotism and barbarity, and how the making of one person more than man makes the rest less.—Addison.

AT AN END—the "female complaints" and weaknesses that make woman's life a misery. They're cured by Dr. Pierce's Favorite Prescription. For all the derangements, disorders, and diseases peculiar to the sex, this is the only remedy certain to benefit.

It's a legitimate medicine for woman, carefully adapted to her delicate organization, and never conflicting with any of her conditions. It regulates and promotes all the proper functions, builds up and invigorates the entire system, and restores health and strength.

Are you weak, nervous and ailing, or "run-down" and overworked? Then it will bring you special help. It's the mother's friend. It lessens pain and insures life of both mother and child.

Dr. Pierce's Favorite Prescription has a record of years of cure. It is the most potent invigorating tonic and strengthening nerve known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful drugs. Sold in Tablet or Liquid form by dealers.

From Lacoste Herald.

Mrs. Edmund Keller, Miss Ida Conrad and Florence Conrad were Castroville visitors Sunday.

Mr. and Mrs. Louis Biediger were Castroville visitors Sunday. They were accompanied home by Mrs. Louis Biediger who is going to stay here for several weeks.

Messrs. A. P. Rollins and chauffeur Mr. McClairton from Natalia, Hy Tschirhart of Castroville and Louis Schmidt and Louis Biediger from here were in San Antonio on business Tuesday.

A Contributor to the Hondo Herald brings us some news about the public school of Castroville and calls the better attendance this year at said school an awakening. This may lead some people in other counties to believe that Castroville people did not educate their children in the past; and that they just started this year. Nothing could be more misleading than this, for men who were educated in the parish schools of Castroville can be found as leading business men not only in Castroville, but all over Texas. And since the people of Castroville and its vicinity are so favorable known as law abiding citizens, we may presume that the early training in Castroville's Parish schools had something to do with it in making them good citizens. We are certainly not working against the school at Castroville or any other place, and we only mention this because it looks like an omission of said contributor not to mention the excellent school where we old fellows learned our A. B. C's.

Miss Elizabeth Biediger who had been visiting at D'Hanis last week returned home Saturday night.

Wm. Wurzbach of Rio Medina came in Monday afternoon with half a carload of oats.

Messrs. George and Paul Echtle, two of our enterprising and public spirited citizens planted 6 nice shade trees on the ground of St. Mary's Church, which they had presented to the parish last Saturday.

Hy. Mangold and son, Howard, were at Noonan on business several days last week.

A Pleasant Surprise Party.

On Saturday night, March 4th, quite a large crowd gathered at the home of Mr. and Mrs. O. H. Brucks and surprised their daughter, Miss Lizzie.

The night was spent in playing all kind of games until about 11 o'clock when supper was served. Afterwards some of the young folks sang several nice songs, which was very much enjoyed by all.

Those present were: O. H. Brucks and family, J. R. Brucks and family, L. A. Saathoff and family, Aug. Brucks and family, E. W. Balzen and wife, W. J. Brucks and wife, Misses Frieda Balzen, Lisette Breiten, Margaret Reitzer, Hulda Schulte, Emma and Lisette Boehle, Ida and Lizzie Brucks, Lena and Lydia Winkler, Minnie Buss, Dora and Ella Schweers, Messrs. Take Po-Do-Lax in Spring.

In winter our blood gets thick, our pores close, we feel tired and dull when hot days come. What we need is a spring liver tonic, something to rid our system of winter's accumulated waste. Po-Do-Lax will do it. It stimulates the bile, empties the bowels. The organs become more active and in a little while you feel like new. Don't neglect cleaning out your system. Take Po-Do-Lax and you will feel fine. 50c at your Druggist.

Too Many Middle Men.

When it takes 70 cents on the \$1.00 to get farm products from the producer to the consumer, things are terribly out of joint, and there are too many middle men. Eggs, for instance, are selling on the local market for 15 cents and our own folks in San Antonio are paying local dealers there 40 cents. We are told Mr. Davis said the average cost was 70 cents on the \$1.00 from producer to consumer on all farm products.—Devine News.

Changeable Weather Brings Sickness.

The changeable weather of March causes coughs, colds, croup and grippe. There is no such thing as a "light cold"—none that a person can safely neglect. USES FOR PARAFFIN PAPER

Cheap Article Which It Will Be Found
Economical to Keep Supply
on Hand.

Paraffin paper costs only about five
cents or ten cents for a big roll, and I
try to keep some on hand always.

Besides being fine for lining almost
every kind of a mold from cake to ice
cream, it is also good to use inside a
dish in which fish, like salmon loaf or
some other soufflé dish, is being
cooked. It is easy to remove—and, joy
of joys—as you throw away the paraf
fin paper you throw away the fish
aroma which makes the washing of
fish utensils so odious.

Then it's also good to use to wrap
around foods before placing them in
the ice box. Of course, I cover almost
all foods with the cover that comes
with the dish. But what can you use
to cover a roast that has been cooked?
I haven't a dish cover of any kind
that's large enough or shaped right
to do this. Answer, I wrap it in a
little paraffin paper dress. The paraf
fin doesn't absorb the juices as tissue
paper would, and it keeps away odors
of other foods. In fact, a little sheet
of paraffin paper can be used to cover
any dish in the refrigerator in lieu of
any other kind of cover, and it is a
sure protector against the dish ab
sorbing odors from neighboring foods.

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

THEDFORD'S BLACK-DRAUGHT

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

CALOMEL WHEN BILIOUS? NO! STOP! MAKES YOU SICK AND SALIVATES

"Dodson's Liver Tone" Is Harmless To

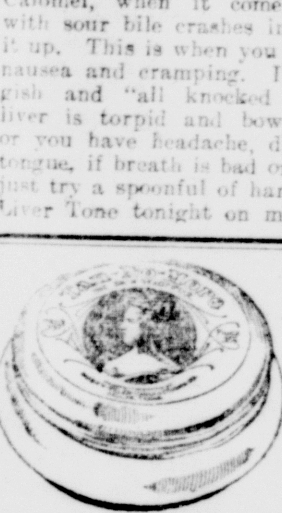

Clean Your Stagnant Liver
and Bowels.

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with your bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight on my guarantee.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless, doesn't gripe and they like its pleasant taste.

PROBLEM OF FARM LABORERS

(Wages and Hours of Work Compared With Those of City Cousins Made by University Expert.)

"Few things could be more deceptive than the inference drawn by some farm laborers on comparing their wages and hours of work with those of their city cousins," says O. R. Johnson of the University of Missouri college of agriculture, after a very careful study of the farm labor problem in one Missouri county and a general review of the situation in the state as a whole. He finds that the average Missouri farm laborer works about 55 hours a day for 128 cents an hour in money, and board.

When employed by the month, the farm hand receives an average of \$22 with, or \$29 without board. During harvest time, he may be temporarily employed at an average of about \$1.60 a day with board or \$2 a day without board. The average wages a day during other seasons is from \$1.10 to \$1.40. These wages may not seem very high as compared with from 15 to 30 cents an hour in the city, but this is where the fallacy of comparing such incomes begins to appear. The city laborer is probably more likely to find himself out of work without any fault of his own and will certainly have to spend much more for board, room, and practically every other item of expense, to say nothing of his greater temptation to spend money foolishly.

It has been estimated that during the last twenty years wages have increased 23 per cent in the manufacturing industries and 36 per cent on farms, indicating that the lot of the farm laborer is improving more rapidly, although, of course, such figures tell us nothing about his welfare as compared with that of his city cousin, either now or twenty years ago.

Perhaps one of the greatest surprises to be found in Mr. Johnson's figures centers about the length of the work day on the farm. In the industries there has been an agitation for a reduction to a ten-hour day, then to an eight-hour day, but the Missouri farm laborer already enjoys advantages in this particular perhaps fully equivalent to those his city cousin would enjoy under an eight-hour arrangement. It is true that his average working day, as determined from careful records kept on 23 farms representing all sections of Missouri, is 56 hours; but during the season from November to April is only about 8 1/2 hours; and during May, June, and July it is about 10 1/2 hours. This is not to be compared with a city working day of 8 or 10 hours. It includes all time spent in chores, in preparing for work, and going to the field, but the city worker spends from one to two hours, or even more, in getting to and from work, thus adding to the nominal working day just this much which is usually not considered in making comparisons of the length of the working days in country and city.

It is difficult to cite definite figures indicating the value of the healthfulness and variety of work on the farm or the ready access to amusements and social pleasures in the city, and Mr. Johnson does not undertake to decide this matter, but leaves it to the individual preference and judgment of the worker.

Literary Club Meeting.

The literary club met last Friday afternoon at the school building with a very interesting program. Miss Stella Stone resigned from the presidential chair, and now Miss Salatte Darden fills that office.

The program consisted of: "The Early Life of Browning," Mrs. O. W. Peters; "Later Life of Browning," Miss Ethel Sanders; "Browning's Characteristics," Miss Selma Lewis.

Then the society adjourned to meet on March 17th. The next meeting will be a very important meeting.

Inter-scholastic Meet at Hondo Friday, March 31st

EVERY TEACHER AND SCHOOL IN THE COUNTY IS EXPECTED TO BE REPRESENTED

Athletic Contests, Games, Declamation and Speakers

On March 31st, and perhaps April 1st, under the direction of the State University, the Second Meet of the Medina County Inter-scholastic League will be held at Hondo, Texas. On that day it is expected that every teacher and school of the County will be represented.

The purpose of the Inter-scholastic League is to organize and direct desirable school activities, and thereby assist in preparing pupils for citizenship. The organization should have the active co-operation of every Teacher, Patron and School in the County and they should become active members. Every school should send one dollar to E. D. Shurter, Austin, Texas, as membership fee to the League.

SENIORS

50-yard Dash, 100-yard Dash, 120-yard Low Hurdle, Running Broad Jump, Running High Jump, 880-yard Relay, 12-lb. Shot Put, 4 1-2-lb. Discus Throw, Basket Ball—Boys, Basket Ball—Girls, Tennis—Boys and Girls, Base Ball—Boys.

DECLAMATION—Boys and Girls. No recitation to be over five minutes in length and should be on some phase of the peace problem. Debate—for Boys: Resolved: "That a constitutional tax of one mill should be levied for the support of State institutions of higher education in Texas and that supplementary appropriations by the Legislature should be prohibited."

All Contests will be held in accordance with the rules and regulations of the University Inter-scholastic League. A prize or medal will be given to the winner in each event.

JUNIORS

The Junior events consist of the following: 50-yard dash, 100-yard dash, Running High Jump, Running Broad Jump, 440-yard Relay, Apple Race, Nail Driving Contest, Square and Saw Contest, Climbing Slick Pole, Spelling Contest: The words for the contest shall first be selected from McCallum & Horn's New Century Speller, pp. 27-99 inclusive. Should this list be exhausted the following list should then be used, in the order given. Payne's "Learn to Spell", beginning on p. 45, Webster's "Old Blue-back Speller", Lessons 44, 54, 62, 73, 76, 86, 100 and 152.

DECLAMATION: The Girls' Junior Declamation Contest, selections must be drawn from standard poets. The boys' declamation should be taken from some standard work.

Folk Lore Drills.

Mrs. Landrum, organizer of Home Economics Clubs among the girls of the State, will be here and desires that every club in the county be present. We have arranged an appropriate contest for these clubs, which will consist of the following: Hand-work, Bread, Cake and Candy Making and Setting Table. Any school that has no organized Home Economics Club is asked to bring for exhibition any work done by the students.

Hon. J. W. Neill of the State Department of Agriculture, will be here and have on exhibit the different kinds of insects, both the useful and the harmful species of this section.
